

I'm so
impatient
to get
this over
with, that
I can't
get it
erect-!!

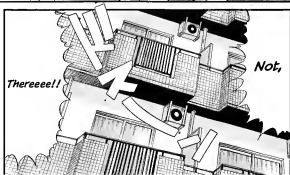

I
can't
do
it-!!

Stigma 103

オレの責任

MY RESPONSIBILITY

Even though it's just that...

I just don't want to lose any more men that I love...

Didn't I say that if you penetrate me there...

I'll probably hate you, Rin-kyun?

Not my love?

Have you only wanted my body all along?

That's why... I am trying to release you from the curse of the Stigma...

I have to get out of here first, at least!!!

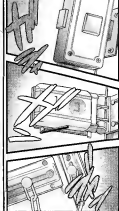

This, this is
a room specifically
made to fully
prevent me from
leaving!!!

Uwah-
hhhh!!

Just how
many locks
did she
install!!!

Right ♡

Isn't it
warmer
in this room
that belongs
to Rin-kyun
and I?

It's cold
outside,
so you could
get a cold,
you know?

Where do
you think
you're
going, stark
naked?

We can
keep warm
by being close
together
forever
♡

I can't
do it!!

I can't!!

I can't!

Ah.

Whaa...

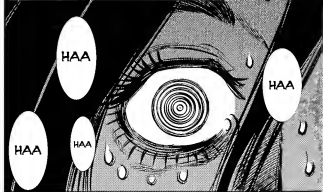

I can
never

get a
hard-on
from this
girl!!

Rin-
KUN!!

Da...

Why are you here?

The girl seemed to have calmed down a bit after seeing her friend, so I'll let her take things from there.

It seems like no one is around at Auntie's home, but I heard something...

Auntie!

Open up the door!!

You haven't come home since last night, and you didn't even call, so I came to the shop to take a look.

Have caused her life to become such a mess because of the Stigma...

I...

Even though the effects differ from girl to girl, these girls may be suffering under the powers of the Stigma in a place that I don't even know!!

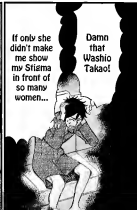

so I simply don't have the right to pin the blame on Washio

No... I also wanted to use this Stigma to make money.

If only she didn't make me show my Stigma in front of so many women...

Damn that Washio Takao!

Why
would you
do such a
thing?

Rin, have
you ever
taken your
pants off
in front of
anybody
else?

Do you...
know about
the power
of the birth-
mark, on my
butt?

Dad...

Did Mom
worry
about my
birth-
mark?

As I
thought,
you would
be curious
about it
when you
grew up,
wouldn't
you?

It's exactly
what your
Mom worried
about.

Birth-
mark, on—

Your
butt
...

Back then,
I did hear
Chizuru-chan
mention
before...

Riri's
buttocks
have a
peculiar
birthmark,
so

Be
sure
not to
look
at it.

My mother
knew about
the stigma on
my buttocks.
I guess.

Of
course,
you're
mother
and son
after all.

She knew
the power
of the
stigma.

So she
wouldn't
let any
other girl
see it no
matter
what.

As mother
and son?

Because
your birthmark
is so big, she
is concerned
that you will
eventually be
troubled by it.

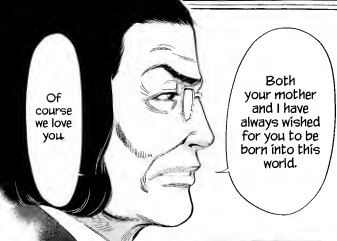

For example,
being more
caring to me
than what she
normally does...
or to the point
where she goes
beyond the
affection of a
mother's love...

Reason-
ably?

Did
she act
abnormally
against
me?

Mom...

Your mom
is a caring
woman. After
all, she does
love you...

I was born with
the Stigma from
the start, so it's
my responsibility...

I can't
blame
anyone,
